

Keep the work ownable

```
graph TD; 01[01 Agree the work] --> 02[02 Inquire together]; 02 --> 04[04 Act and learn]; 04 --> 05[05 Review or end]; 05 --> 03[03 Make sense]; 03 --> 01;
```

01 Agree the work
Purpose, authority, access,
and mutual responsibilities.

02 Inquire together
Whose account is missing?
What do we know?
What are we assuming?

03 Make sense
Test the shared picture.
Hear disagreement.
Choose what to do.

04 Act and learn
Take an ownable next step.
Notice effects and exceptions.
Build the client's capability.

05 Review or end
Continue, adapt, stop, or transfer.
Revisit the contract.
Leave usable learning.

THROUGHOUT
Shared responsibility
Honest conversation
Client ownership

Ask: what can I own, what must the client own, and what do we need to learn?
